

General Civil Orders

June 10, 2014

Issued to All Members of the Domestic Police Forces, US Marshals Service, the Provost Marshal, Members of the American Bar Association and the American Armed Services

At the federal level the American government has always been a separate foreign international maritime jurisdiction operated under contract to provide two services: (1) protect the national trust assets, and (2) perform governmental services for the Several States--- which in terms of international law are all recognized sovereign nations.

The equity contract known as “The Constitution for the united States of America” makes it clear that the Several States contracted to form a single governmental services agency known as “The United States”. The contract stipulates the assets to be held in trust by the federal government in the Preamble and Bill of Rights comprising the trust indenture portion of the contract and also stipulates the nineteen enumerated services to be performed---and exactly what “powers” the States agreed to delegate to The United States and how they would pay for these services.

What isn't so widely known or appreciated is that the governmental services company known as The United States was a privately owned and operated commercial company set up by Benjamin Franklin in 1754. George Washington was actually the 11th “President” of this company, and only the 1st President to take office after the receipt of the “Constitution” contract.

According to the 1824 Webster's Dictionary, the word “federal” was a synonym for “contract” at the time the original Constitution was written. All “constitutions” are affirmations of debt ---in this case, the debt the States assumed when they created the federal government and jointly agreed to pay for the services that it would provide. The office of “President” is and always has been a uniquely commercial office, not a “Head of State”.

Because the federal governmental services company is privately owned and operated, only shareholders known as “electors” have a real say in its elections and administration, only “trustees” known as “members of Congress” have the right to determine **how** the national trust assets are protected though they are obligated as trustees to do a reasonable job of it, and only the States have the right to complain if the stipulated services aren't up to par.

The American people at large, known simply as “inhabitants of the domestic states” or “State Citizens” have always been a separate and distinct population apart from “US Citizens” or “Federal Citizens”--- and to these two groups a third kind of “citizen” was added in 1871, that of “US citizen”.

Following the Civil War, the governmental services company providing the services agreed to by the States reorganized as a corporation dba the “United States of America, **Incorporated**” and published its Articles as the “Constitution of the United States of America”. Unlike “The Constitution **for** the **united States of America**”, the “Constitution **of** the **United States of America**” is a document peculiar to the new “Municipal” – that is, “City State” government **formed to administer the affairs of the District of Columbia and federal territories and possessions.**

This corporate “constitution” provided for the creation of a new kind of “Federal Citizen”----a “US citizen”---and from that point onward, from the perspective of the new federal municipal government formed by the Act of 1871--- American State Citizens (the inhabitants of the domestic fifty states) were regarded as “non-resident aliens”. This same corporation dba the “United States of America, Incorporated” (chartered in Delaware) began operating two separate “governments” at once--- the “municipal government of the District of Columbia” and the “federal government” owed to the States of the Union----both under the auspices of the “United States Congress”.

These semantic deceits have given rise to endless confusions, usurpations, and criminality. These General Civil Orders address some of those issues which are most important at this time.

The Congress ceased operating as it was required by contract to operate in 1860. After December of 1865, it never again operated as an unincorporated Body Politic representing the States of the Union. The “federal government” has functioned exclusively as an incorporated commercial entity, with an elected Board of Directors merely calling itself the “US Congress” ever since. As such, the “federal government” is a commercial corporation like any other commercial corporation. It has no special status, no immunity from prosecution, and hasn’t functioned as a governing body of a sovereign nation for 150 years.

To overcome this obvious difficulty the “US Congress” formed another “union” of “American” “states” from the “federal territories and possessions”. The Seven Insular States including the “State of New Columbia” (District of Columbia), Guam, Puerto Rico, American Samoa, et alia, and formed a new nation simply calling themselves “the United States of America” and claimed separate national sovereignty.

Thus we have The United States of America (Major) comprised of the now-fifty organic States created by Statehood Compacts and the United States of America (Minor) representing the seven Insular States, both being administered under the direction of the corporate Board of Directors known as the “US Congress”--- which has continued to act solely as the sovereign government of “the United States of America” (Minor).

These blatant semantic deceits by officers of the federal corporation and officials of “the United States of America (Minor)” amount to purposeful constructive fraud against their employers, the American organic states. To try to overcome this obstacle, members of the “US Congress”

contrived a “complex regulatory scheme” by which they established their own “State” governments and have tried to claim that they have been at “war” with the American people while relying upon the organic states for their own sustenance and have falsely claimed that they established “exclusive legislative jurisdiction” over the original states of the Union by these acts of self-interested fraud carried out against their employers and benefactors.

Fraud has no statute of limitations.

The governmental services corporations have always been under commercial contract to provide services to the American people and have acted against their employers **as employees**.

It is essential that members of the Bar Associations, members of the “State” governments which have been surreptitiously “redefined” to their detriment, members of the domestic police forces, and members of the various armed forces gain a clear understanding of the **fact** that for purposes of administration of government services on American State soil, the “federal government” is a corporation with no more civil authority on the land than JC PENNY or HARLEY DAVIDSON.

The “federal government” is under contract to the organic States and as our Forefathers vested the ENTIRE civil government on the land in the people inhabiting the land, each American is a sovereign “organic state” of the union. Each one of us has more civil power and authority **on the land** than the entire “federal government” has ever had or ever can have.

For that reason and as a result of the deliberations which have already taken place among the other nations of the world, the “federal government” dba the UNITED STATES, INC. , a French commercial corporation, is hereby called to task for non-performance on its contractual obligations. The semantic deceits involved in claiming that American State Citizens are “US citizens” and all the other fraudulent claims advanced against the American states and people are to be fully recognized for what they are---**fraudulent claims having no merit and owed no enforcement**.

Other corporate entities, notably the FEDERAL RESERVE and INTERNATIONAL MONETARY FUND, which are responsible for creating and promoting this fraud are to be recognized and dealt with appropriately as international dealers in fraud and usury.

American Negroes have in the past been considered “US citizens” because that is the only “citizenship” they were ever granted after the Civil War, a grave error of justice that resulted in them only having “civil rights” which are privileges granted by the “US Congress” instead of the “Natural and Unalienable Rights” they are naturally heir to. They were also claimed as chattel backing the debts of the United States of America, Incorporated, despite both national and international prohibitions abolishing slavery and peonage. A prompt correction is available from the organic states and by proclamation of these organic states, they are granted full and immediately recognizable status as “American Nationals” owed all the “Natural and Unalienable Rights” of any other organic State Citizen, no matter which geographically defined state they

may inhabit on the land. The only exceptions are those unfortunates born within the borders of the Insular States---District of Columbia, Guam, Puerto Rico, etc.---who must self-declare under Article 15 of The Universal Declaration of Human Rights.

It has been the policy of the United States of America (Minor) to consider all federal employees and members of the active duty military who are birthright inhabitants of The United States of America (Major) temporary “dual citizens” subject to the United States of America (Minor). However, The United States of America (Major) recognizes no dual citizenship whatsoever, and the process required for any birthright inhabitant of the land to adopt “US Citizenship” is both lengthy and purposeful, as stated in US Statute at Large 2, Revised Statute 2561. As the employers of the United States of America (Minor) we exercise our proprietary interest and direct all American State Citizens to defend the interests and integrity of the American organic states regardless of any contrary “orders” issued by any corporate officer of the UNITED STATES or foreign official acting under the auspices of the United States of America (Minor).

All birthright State Citizens of The United States of America (Major) are specifically enjoined from engaging in any activity contrary to the health, welfare, safety, and benefit of their fellow State Citizens and will otherwise be recognized as criminals regardless of what uniforms they wear or what authorities they pretend to have. If corporate “President” Obama should order any member of the “US military” or any armed “agency personnel” ---BATF, IRS, NSA, FEMA, etc.---to open fire upon American State Citizens, it will be a war crime against non-combatant civilians and it will be immediately recognized as such throughout the world.

For all military and civilian-based defense and law enforcement agencies the rule to be observed is: if you can't do it as a private individual, you can't do it as a public officer.

Any State Citizen who is forced to open fire on federally or federal “State” or “STATE” funded personnel in defense of life or property will be recognized as a non-combatant civilian without exception, held harmless, and supported by all members of the American Armed Forces of the United States of America (Major) and all American State Militias. Any State Citizen so imposed upon by those in his or her employment or hired by those in his or her employment in any capacity whatsoever including “elected” officials, will be entitled to full reparations in the amount of \$5,000,000.00 USD or the equivalent at the time of the damage incurred for every death, \$2,500,000.00 USD or the equivalent at the time of the damage for every permanent disability. They shall also be owed full reparations for all property damage incurred and up to eighty (80) times compensatory damages at the discretion of a jury of their peers.

The individual States of the Union formed by Statehood Compact retain the full and unencumbered claim upon their birthright inhabitants. These “states” are defined geographically. They are not incorporated entities, and they are not “represented” by any incorporated “State of _____” or “STATE OF _____” organization at this time. They are

presented solely by the **unincorporated** Body Politic and their individual inhabitants, who retain all organic and civil prerogatives on the land.

Those organizations currently calling themselves the “State of Alaska” or the “STATE OF ALASKA”, etc., are representatives of two different governmental services corporations operated by the FEDERAL RESERVE (“State of Alaska”) and the INTERNATIONAL MONETARY FUND (“STATE OF ALASKA”), doing business as franchises of the United States of America, Inc. and the UNITED STATES, INC. respectively. They have no representational capacity whatsoever and are operating under commercial contract only.

Because these “State” and “Federal” entities have all functioned under conditions of non-disclosure and semantic deceit serving to promulgate fraud upon the organic states and the American people, they are all to be considered criminal syndicates to the extent that they have been aware of their status and have failed to correct their operations and representations. All contracts held by these organizations or assumed to be held by these organizations are null and void for fraud. These contracts include but are not limited to contracts for sale, for labor, for trade, “citizenship” contracts, powers of attorney, licenses, mortgages, registrations, and application agreements of all kinds. All signatures of American State Citizens acting under the influence of semantic deceit and non-disclosure are rescinded.

All those individuals engaged in employment as “federal” and “state” and “municipal” employees and “elected officials” are hereby given Notice that they are employees of private, for-profit corporations that are merely under contract to provide stipulated public services, having no special status, having no immunity, and having no authority as sovereign nations or states. Any actions that they take infringing on the rights and prerogatives of American State Citizens are criminal acts without exception and are to be treated as criminal acts. These individuals have exactly the same standing as employees of any other commercial company, and the rules, regulations, codes, and other “statutes” they enforce are obligations unique to those organizations only.

Posse Comitatus is to be observed and enforced on the land of the domestic organic states regardless of any Executive Order issued by Barack H. Obama acting as “President” of the United States of America (Minor) or as the President of any **incorporated** entity whatsoever. Any such imposition of “martial law” by Mr. Obama has exactly the same legal standing as “martial law” imposed by the President of BURGER KING, INTERNATIONAL or the King of Sweden on the land of the organic states. He can order his paid employees to commit hari kari if he wishes to do so, and they may follow his instructions if they care to, but they may not under any circumstance murder anyone, assault anyone, seize any private property, or cause any trouble for American State Citizens, or they shall be immediately recognized as criminals and treated as such.

Likewise, the government of the United States of America (Minor) may do what it wills with those who are legitimately born under its hegemony, but it cannot say one word claiming authority over any birthright State Citizen of The United States of America (Major).

Please note that Barack H. Obama is “Commander in Chief” of the “US Armed Forces” which legitimately includes the Puerto Rican Navy and whatever security forces are endemic to Guam, American Samoa and the other Insular States.

The Grand Army of the Republic and its successors are obligated to perform under General Order 100.

The American Armed Forces also known as the Armed Forces of The United States of America (Major) are paid for by and obligated to serve the organic states, which we present and for which we require your service. In the absence of a properly formed and operational government of the Republic, all rights revert to the organic states, including the civil authority to issue these General Orders. “President” Barack H. Obama is operating as an official of the United States of America (Minor) and as a corporate officer in the employ of the UNITED STATES, a French commercial corporation chartered by the International Monetary Fund, an agency of the UNITED NATIONS. He is not now nor has he ever been elected to any public office of The United States of America (Major).

Likewise the members of the “US Congress” have never taken the Oath of any Public Office of The United States of America (Major) and are merely operating as private corporate officers of the same commercial corporation dba the “UNITED STATES”.

All offices deriving and paid and/or receiving credit entirely or in part as a result of the original equity contract known as The Constitution for the united States of America are offices of the Armed Forces of The United States of America (Major) by definition and those who serve in these offices are employees of the inhabitants of the domestic now-fifty States defined by Statehood Compacts. As such, you are now receiving direct orders under the civil authority of these organic states.

All the foregoing circumstance is indeed the “mischief” predicted by Chief Justice Harlan in his dissenting opinion given in *Downes v. Bidwell* --- mischief resulting from allowing Congress to operate two governments at once, one a constitutional Republic, and the other an oligarchy under the plenary control of Congress. The members of the “US Congress” have been corrupted by power lust or through ignorance subverted and used to serve the aims of criminals. That does not give anyone else a license to sin. It merely requires the recognition of the sins of the members of the Congress and appropriate enlightened action depriving them of any power or excuse to continue these deceptions and usurpations.

There are 515 people responsible. It is incumbent upon them to straighten it out, and for the rest of us to insist that they do so. It is also the responsibility of all members of the domestic police

forces and all members of the American military to preserve the peace and tranquility and prosperity owed to the American people. By order issued by Pope Francis dba FRANCISCUS on July 11, 2013, all members of the American Bar Association are similarly required to serve the cause of peace and will be held individually responsible for any action seeking to undermine the government of the organic states of the Union or defraud the people inhabiting the organic states.

We affirm under penalty of perjury that we are natural living birthright inhabitants of the Wisconsin state and Washington state respectively, fully of age, permanently domiciled in the jurisdiction of the air, holding unimpeded material interest upon the land jurisdiction of The United States of America (Major). These General Civil Orders are issued upon our civil, commercial, and canon authority, by our living hands and our testaments jointly sworn and Witnessed by Our Seals and autographs before Pope Francis and all nations, declaring that the truth of these matters has been established beyond reasonable doubt upon the public record, and We hereby autograph, seal, and issue these General Civil Orders to all officers commissioned and non-commissioned, active duty and reserves, without the United States of America (Minor), without the United Nations, without the City-State of Westminster, and without representation:
